Dear Jim & Vickie,

I am at work now, and should be working, but am taking a break instead. Today is Friday, and we have to work tomorrow, and they go in session again on Sunday at 2:00 pm. I am still enjoying it, however, as I know so many people down here, now. I couldn't take it for an indefinite period, though.

I'm glad you went to the Dentist, Jimmy. I told you that once you reach 30 - you don't have cavities any more!

Well, Mike & I are moving after all. Mike, I think, is going to run for the King County Council in a vacant district. The election is this year in the fall. He is very excited about it, and has Durkan's full support. There will only be about 3 months actual campaigning (this summer) so if he loses, we won't be out much time-wise. He has some good fund-raising sources developed thru Durkan, so we won't have to use ~~our~~ our own money. It is a very, democratic, black, and ~~etc.~~ and liberal district. (The voters, at least.)

We have found an apartment on First Hill, which is more like a Hotel-motel -- but should

be fun for a change.
It sounds like you're both
having fun, as usual.
I think it's fun to go to
different kinds of Restaurants.
Will Vickie get to go to
Puerto Rico, too?

I'm waiting for the
ways & means meeting to
adjourn, so I can go over
to Mike's office & we can go
home. We have about the
same hours, so there hasn't
been any problem there.
(Although Mike has to come
back at nights often).

I put a roast in the
oven this morning at 160°,
with Golden mushroom soup
poured over it & covered) -
so it should be all ready
to eat when we get home.

Love, Mary
